TIDEWATER STONE™

80MM MULTI-USE PAVER

All new for 2011, the Genest Tidewater Stone is a completely new kind of paving surface. The antiqued edges and wide color range make it a great fit for an outdoor living space, it's also strong enough to handle light commercial traffic. Plus, when installed by specific methods,* it becomes a permeable paver. And a great looking one at that!

Packaging

- 86.40 sq. ft. per pallet
- 9.60 sq. ft. per layer
- 9 layers per pallet
- 3,236 lbs per pallet
